

ILEANA TSCHABOLD SHE/HER

FOR CONVENTION DELEGATE AND EXECUTIVE BOARD

PARTICIPATION IN LOCAL 873

Member of the Young Workers Committee & National Young Workers Committee

Vice-Chair of the Environment Committee & Ontario Green Screen Ambassador.

Graduate of the IATSE Officer Institute, Train the Trainer: Training Techniques & Course Development, and currently enrolled in Virtual Training and Presentation Techniques.

Assisted in the development and instruction of the Props Fundamentals Workshop.

Currently developing additional courses.

DUTY AS A DELEGATE

Represent the Local and the Alliance with integrity.

Building lasting solidarity between our Local and National/International brothers sisters & kin.

Utilize networking and educational opportunities to their fullest potential.

Most importantly, return with that knowledge and pass it on. Use it to strengthen and improve our Local.

Sunday, December 11, 2022 (10:00 PM)
Voting Closes

ABOUT ME

Prior to Props/Set Dec/Greens, I worked in a myriad of departments in Theater and Live Events from 2008 to 2013 after completing a diploma in Technical Theatre.

Following the advice of a theater school alumni turned AD, I became a Permit in Local 212 and later joined the Alliance as a member in 2015.

With the encouragement of senior members of 212, I became very active in the business of my home Local and became a member of 212's first Young Workers Committee.

After moving to Toronto in 2018 I became a member of Local 873 in 2019.

WHY I AM RUNNING FOR THE EXECUTIVE BOARD

To serve the Local as a whole while bringing the perspective of a Young Worker and recent permit in this Local.

Support a transparent and equitable path to membership. I will use my vote to uphold a fair and impartial screening process.

Support training and apprenticeship opportunities. As a board member, I would support utilizing more resources including partnering with Locals who have existing courses and trainee opportunities.

Innovate ways to keep the membership up-to-date and engaged.

While I agree it's every member's responsibility to read the Constitution it isn't exactly a digestible "How-to-be-a-member Guide". Documents like the 2022 Election Handout could help bridge gaps in awareness, and engagement.

Start preparations for the January 2024 AMPTP contract negotiations immediately. There are so many important points that need to be addressed. Turnaround times, wages for streaming content, the AMPTP's lack of commitment to meaningful climate action, etc. We will need to rely heavily on the expertise and experience of members who have fought for us before. I want to assist and learn from those members so I can be a mentor in the future.
